Redefine Our Community Slow Streets Meeting

JUNE 20 | 6:30 PM
45 STANTON STREET, DORCHESTER

Learn about the traffic calming plans in your neighborhood and participate in the design process. At this meeting, we will present concept plans that address the safety concerns we heard at prior meetings. Share your feedback and join the conversation.

Neighborhood Slow Streets is Boston's traffic calming program. To learn more and sign up for email updates, visit: boston.gov/slow-streets/roc

*Tiene servicios de interpretación y traducción a su disposición sin coste alguno. Si los necesita, póngase en contacto con nosotros antes del **5 de junio**.*

*Interpretation and translation services are available to you at no cost. If you need them, please contact us before **June 5**.*

The Slow Streets program focuses on quick-install solutions to address pressing street safety concerns. Plans may include:

- Signs to alert drivers they are entering a residential area with a 20 mph speed limit
- Better crosswalks
- Speed humps to slow drivers
- Parking restrictions at some intersections so drivers can better see pedestrians and oncoming traffic when turning (referred to as "Daylighting")
- Changes to street direction or parking on narrow street
- Changes to design of curbs or medians to slow driving speeds and make streets safer for crossing
